

FOR IMMEDIATE RELEASE

Agility Fuel Systems Announces Appointment of John Devine and David Crompton to Its Board of Directors

Santa Ana, CA, May 29th, 2014 — Agility Fuel Systems, the leading designer and producer of alternative fuel storage and delivery systems for heavy duty trucks, buses and specialty vehicles, has named John M. Devine and David Crompton to its Board of Directors.

Mr. Devine joins the Agility Board as Chairman of the Audit Committee. Mr. Devine retired in 2011 as the Executive Chairman and Chief Executive Officer of Dana Holding Corporation, a publicly traded supplier to the global automotive, commercial vehicle and off-highway markets. He also served as the Vice Chairman and Chief Financial Officer of General Motors Corporation from 2001 to 2006. Prior to joining General Motors, Mr. Devine served as Chairman and Chief Executive Officer of Fluid Ventures, LLC, an Internet start-up investment company. Previously, Mr. Devine spent 32 years at Ford Motor Company, where he last served as Executive Vice President and Chief Financial Officer. Mr. Devine holds a BS in Economics from Duquesne University and an MBA from the University of Michigan.

David Crompton has been with Cummins Inc., a Fortune 160 Company that manufactures and services engines and related technologies, for 26 years and currently serves as Vice President and General Manager for the Heavy Duty, Midrange, and Light Duty Worldwide Engine Business. Prior to his current role, Mr. Crompton served as Vice President and General Manager for Cummins' global Midrange business, leading it through a period of high investment in new products and capacity expansion. He has held functional roles in Sales and Marketing, Strategy and Planning, and Supply Chain Management. Mr. Crompton, a graduate of Williams College, also holds an executive MBA from Duke University.

Michael Gallagher, Agility's Chairman, stated, "We are excited to welcome John and David to Agility's Board. Their perspective and experience will be tremendously valuable as the market for heavy-duty natural gas vehicles grows and develops."

Barry Engle, Agility's CEO, said, "John and David both bring a wealth of knowledge to our board of directors and will help lead us to continued success in serving our customers and building a world-class organization."

###

Agility Fuel Systems is headquartered in Santa Ana, CA, and is the leader in the development of safe, reliable and cost effective natural gas systems for heavy trucks and buses. Agility's unique advantage is turnkey natural gas fuel system solutions, from concept to installation.
